

DECLARATION
AND POWER OF ATTORNEY
Continuation-in-Part

BRUMBAUGH, GRAVES, DONOHUE & RAYMOND
FILE NO. 25995-A FWC

4 754-2 65

As a below named inventor, I declare that the information given herein is true, that I believe that I am the original, first and sole inventor if only one name is listed at 201 below as a joint inventor if plural inventors are named below at 201 et seq. of the invention entitled:

NOVEL COMPOUNDS

☐ the attached specification or ☒ the specification in application Serial No. 586,107 which is described and claimed in: filed March 5, 1984
(for declaration not accompanying application)

and as amended on (if any),
that I have reviewed and understand the contents of the above-identified specification, including the claims, as amended by any amendment referred to above, that this application in part discloses and claims subject matter disclosed in my or our earlier copending application identified at 105 below, that as to the subject matter disclosed and claimed in this application which is common to said earlier application, I do not know and do not believe that the same was ever known or used in the United States of America before my or our invention thereof, or patented or described in any printed publication in any country before my or our invention thereof, or more than one year prior to said earlier application, or in public use or on sale in the United States of America more than one year prior to said earlier application, that said common subject matter has not been patented or made the subject of an inventor's certificate issued before the date of said earlier application in any country foreign to the United States of America on an application filed by me or my legal representatives or assigns more than twelve months prior to said earlier application and that, as to the subject matter disclosed and claimed in this application which is not common to said earlier application, I do not know and do not believe that the same was ever known or used in the United States of America before my or our invention thereof, or patented or described in any printed publication in any country before my or our invention thereof, or more than one year prior to this application, or in public use or on sale in the United States of America more than one year prior to this application that said subject matter not common to said earlier application was not patented or made the subject of an inventor's certificate in any country foreign to the United States of America on an application filed by me or my legal representatives or assigns more than twelve months before this application, that I acknowledge my duty to disclose information of which I am aware which is material to the examination of this application, and that applications for patent or inventor's certificate on this invention have been filed by me or my legal representatives or assigns in countries foreign to the United States of America as identified below.
